

BRITISH ELECTION TODAY FOLLOWS A BITTER CAMPAIGN

Lloyd George, War Premier,
Is Spectacular Figure
Of Campaign.

TORY AND LIBERAL
PARTIES IN FIGHT

Tory Leaders Claim They
Will Have Majority
In Parliament.

London, Nov. 15.—Great Britain, with the exception of Ireland, is electing a new house of commons today following the most bitter and spectacular political campaign the country has known in a decade.

Upon the outcome will depend whether England is to continue to have a Tory government or the Liberals will come into power. It was generally conceded that the Socialists-Laborites have little chance of getting control.

Spectacular Figure

The most spectacular figure of the campaign and election is David Lloyd George, England's war premier, whose coalition government was overturned by the Tory "die hards" a month ago. Lloyd George was returned to his seat in commons without opposition from his old constituency at Carnarvon, Wales.

On account of the small number of Lloyd George Liberal candidates standing for election to commons there is no chance of this faction of the Liberal party gaining control unless Lloyd George effects a bloc or coalition with Liberals of the opposing faction or with Tory members who are dissatisfied with the policies of premier Andrew Bonar Law.

Early reports from various quarters said that a light vote was being polled, but that heavier balloting was expected later in the day. The weather was unfavorable for the most part. There was dense fog in London.

Tory (Conservative) leaders claimed that they would have a majority of from 20 to 30 seats in parliament. It was admitted, however, that the magnetic Lloyd George would be able to control a powerful opposition. It is possible that if the Tories continue to rule, Lloyd George will have sufficient personal following to block all Tory legislation in parliament.

American Issue

Election workers of all parties and factions worked hard to get out the vote, telling the people in speeches and pamphlet that "the critical hour is at hand not only for Britain but for all Europe."

Little of the excitement which always marks an election in the United States was visible here. Up to noon no disorders had been reported anywhere.

For the first time "the American issue" was brought into a British campaign and election. It was a composite issue based upon the following:

- 1.—Better friendship with the United States.
- 2.—Payment of the British debt to the United States.
- 3.—Eject of American prohibition on Great Britain.

Lady Astor, who is standing for reelection to commons from Plymouth, complained that American wet forces had sent money and orators into England to work against her because she is in favor of local option.

PLAY INSTITUTE INTEREST GROWS

Several New Registrations
Made Second Night Of
Leadership Work.

Even a larger crowd than that of Monday night participated in the play institute at the High school gymnasium Tuesday night under the management of Miss Sophie Fishback National community recreational worker.

A number of new registrations were made and the gymnasium floor was crowded with the light hearted merry-makers.

The program opened with a grand march and variations led by Miss Gladys Shive and the remainder of the evening was devoted to an entirely new lot of splendid games and stunts, directed by Miss Fishback. Another meeting of the institute will be held Thursday night.

Tuesday was the last chance Salenites were allowed to register to complete the course, which is to continue until the latter part of next week.

With the completion of registrations tabulated Wednesday, Miss Fishback announced that there is a total enrollment of 185 in the play institute, an increase of 60 over the attendance of Monday night.

Next Monday a class of teachers and mothers will meet at the high school gymnasium where they will be instructed in games, home play and story telling for little children. The enrollment in this class has already reached 30. The mothers and teachers are requested to meet at the high school at 3:30 for this training.

900 LICENSES ARE ISSUED AS HUNTING SEASON OPENS

With the rabbit season open Wednesday morning, all roads lead out of the city into the rural districts.

Long before dawn the influx of hunters into the country began and if the number of licenses sold count for anything, then Mr. Rabbit is in for a battle today.

With the issuance of nearly 900 licenses up to Wednesday morning, all records were broken for this city. This is the greatest number of hunting licenses ever issued at this time of year in the history of Salem.

A number of the licenses had

been sold during the past two weeks but the greater majority were disposed of in the rush which started Tuesday morning and continued unabated until nearly noon Wednesday.

A large majority of the applicants for the necessary permits were Salem residents while the remainder were from the rural districts in Perry township.

Numerous hunting parties were organized this week and with ideal rabbit hunting weather prevailing today, according to veteran chasers of the cottontail, an even greater number will be on the job before night.

Newberry To Quit Before Democrats Vote To Oust Him

Washington, Nov. 15.—Senator Truman H. Newberry, Republican, of Michigan, storm center of one of the highest political sensations in recent years, has virtually decided to resign his seat rather than subject the Republican party to the embarrassment of his certain ousting at the hands of the Democrats in the 68th congress, according to reliable information current in political quarters here today.

Senator Newberry's decision is understood to have been reached after a series of conversations with Republican leaders in Washington.

4 DEMOCRATS ARE IN OHIO SENATE

Republicans Have Majority
Of 74 In House, Leaders
Names Mentioned.

Columbus, Nov. 15.—In the absence of complete official returns, indications are that the state legislature this winter will consist of 31 Republicans and 4 Democratic senators and 102 Republican and 28 Democratic members in the house of representatives.

It is expected that Senate Clerk W. E. Bailey and House Clerk John P. Maynard will be re-elected. Sentiment has developed in favor of Senator George E. Kryder, Henry county, for president pro tem and Republican floor leader in the senate and for Representatives A. C. Robinson, Lawrence county, and H. D. Silver, Preble county, for speaker of the house.

TETLOW WILL LOSE POST SAYS REPORT

New Philadelphia, Nov. 15.—William Greene of Coshocton, frequently mentioned in gossip here as a possible successor to Percy Tetlow of Salem, as director of industrial relations in Gov. Donahey's cabinet.

Green, a former state senator, now is treasurer of the United Mine Workers of America with headquarters at Indianapolis.

SCOTT ADDRESSES M. E. CONFERENCE

"The Minister's Personal Life" was the subject of a talk given by Rev. H. H. Scott, this city, at the Tuesday morning session of the two-day Canton district conference of the M. E. church held at New Waterford, Jacob L. Culp and J. E. Walton represented the local church at this conference.

The conference petitioned Secretary Hughes to use his influence in bringing about a better condition in the Near East in difficulties between the Turks and Armenians and end that cruelty.

The conference voted to cooperate with Frank A. Arter, Cleveland, in raising a half million dollars for retired ministers. Mr. Arter will give \$100,000.

Find Man Directing Traffic At 1:30 A. M.

Found directing traffic in Main st. at 1:30 a. m. Wednesday, a man giving his name as Robinson was taken into custody by Salem police and lodged in the city jail for the night. He is believed to be demented. Robinson attracted considerable attention due to the fact that he was minus a hat or coat and was doing his traffic duty in his shirt sleeves. He declared he had a brother in Beaver Falls, but gave no information that would reveal the location of his own home.

City officials plan to communicate with the brother in Beaver Falls today.

W. R. C. Praised By District Inspector

Mrs. Hay, Crestline, district inspector, conducted the annual inspection of the Woman's Relief Corps at a meeting Tuesday evening, at which one candidate was initiated. Mrs. Hay praised the work of the corps. Two applications for membership were received and there was an unusually large attendance.

While Mrs. Hay was entertained by Mrs. W. L. Fuhs, president of the corps.

TRADE INDUSTRY ACTIVE ON LARGE SCALE IN NATION

Volume Growing Rapidly,
Says Review Of Business Conditions.

Cleveland, Nov. 15.—Trade industry and commerce are active on a large scale, and in rapidly growing volume, says the Cleveland Trust company, in its mid-month review of business conditions.

Railroads are making new high records for traffic; many cities are complaining of labor shortages, while wholesale prices of commodities are advancing throughout the country at a rate not equalled except as a direct result of the war.

"The iron and steel industry," the bank says, "has been increasing its operations at a rate hitherto equalled only in war times. The great building boom is continuing its activity into the autumn months. October automobile production was 20 per cent greater than September and the year's output will exceed the immense total of 1920.

"Facts such as these abound, and it is expected that many more of them will be recorded in the months immediately ahead. It is well to remember that we are in a period of more violent and sudden changes than we were accustomed to before the war. Business men will do well to take advantage of the opportunities now at hand. The recent declines in bond prices is another indication of improving business."

"The iron and steel industry is making new high records and there is every indication that it will make more in the months immediately ahead. The output of pig iron in October was 2,630,000 tons, which was 20 per cent greater than the September production."

Reference is made to the recent reduction in the price of Ford cars, which, the review states, "might bring automobile ownership within the range of nearly 4,000,000 additional people."

Jury Of Miners In Prospect For Massacre Trial

Sentiment In Herrin Is
Said To Be With The
Men On Trial.

Marion, Ill., Nov. 15.—Miners of "bloody Williamson" county are making no effort to keep off the Herrin "massacre" trial jury.

If a "miners' jury" is finally selected, the state of Illinois, which is trying five alleged ringleaders in the murder of a score of non-union men at the Southern Illinois Coal company last June, will have lost its case, in the opinion of observers.

Sentiment of the miners in the county is almost unanimously in sympathy with the men on trial.

The miners, in their effort to win places on the jury, say they have no opinion whether the killings at the strip mine were lawful or unlawful. They say they have formed no opinion as to anyone's guilt of innocence.

Many of these talesmen however, have worked with the miners on trial and know them more or less intimately.

Little hope was held out today that the jury would be completed until some time next week. Meanwhile, the state is using up its peremptory challenges at a rapid rate, in an effort to keep miners off the jury—many of whom hold that the wholesale deaths of June was the result of "a little mistake" and something best forgotten by the community.

Village Wants Fund Put To Proper Use

R. H. Murray and other councilmen of New Waterford have filed a petition in common pleas court asking that the trustees of the sinking fund of that village be ordered by the court to transfer from the sinking fund the sum of \$2,000 which it is claimed that the clerk by mistake credited to the sinking fund instead of the service fund. The money is not needed to pay bonds or interest, it is claimed, and properly belongs in the service fund.

Many Choruses Rehearsing For Maccabee Play

Baby Will Take Prominent
Part In Cast; List Of
Characters Given.

These persons have assumed the lead characters in the home talent play, "A Boy From the U. S. A.," to be staged at the Grand theater Nov. 27-28 under the auspices of the Woman's Benefit Association of the Macabees.

Captain Victor Belmont, Rev. J. P. Harman; Elsie Lovell, Mrs. Milton Probert; General Lovell, Milton Probert; Joseph Sprackling, H. Parker Lowell; Katie Tison, Merle Schurmerberger; Teddy O'Malley, the boy from the U. S. A., Sylvan Bankson; James, a servant, Paul Ormsby; Tommy-tuff, Chester Chalfant.

It is also announced that a baby will take a prominent part in the cast. Several of the chorus lists have been announced and these persons will have part in the Peggy O'Neil chorus: Mathilda Hurray, Dorothy Hurray, Mary Halderman, Ruth Sheehan, Catherine Brophy, Julia Bristol, Helen Kaley, Marian Burke, Eileen Burke, LaVern McCormack and Martha Shriper.

Another musical feature of the production will be trio of girls who will sing, "Swanee River Moon." They are the Misses Violet Snyder, Mildred and Alva Summers. They will appear in appropriate costumes and various electrical effects will be used in adding beauty to the scene.

BOOM FOR MURPHY FOR GOVERNOR IS GAINING HEADWAY

Congressman's Friends In
Wellsville Start
Movement.

Wellsville, Nov. 15.—Proclaiming that Eastern Ohio is entitled to its candidate for governor in 1924, a boom was launched here Wednesday by a number of friends of Congressman B. Frank Murphy, with that end in view.

At a meeting of a number of friends of Mr. Murphy, it was declared that he was the one man who could be elected governor at the next general election. He made a most remarkable showing in the recent election, which is commanding the attention of Republican leaders throughout the state.

In face of the fact that only 55 per cent of the vote of the 18th congressional district went to his polls Nov. 7 Mr. Murphy carried the district for his third term by 15,000 votes.

FIRE WIPES OUT FURNITURE PLANT

Bethlehem, Pa., Nov. 15.—Fire this morning nearly wiped out the whole plant of Kurtz Brothers, manufacturers of furniture and office fixtures, entailing an estimated loss close to \$800,000. The fire started in the varnishing room while the night shift was at work.

Besides expensive machinery and a half dozen frame buildings there went up in smoke 60 finished dining room suites and a large amount of other stock. The loss is partly covered by insurance.

Columbiana County Prisoner Released

One Columbiana county man was included in the list of 93 prisoners of the Ohio state penitentiary granted paroles at the November meeting of the Ohio board of pardons and parole Tuesday.

Frank Kayburn, convicted of uttering a check to forge, was the only prisoner from this county to be paroled.

Henderson May Be Adjutant General

Columbus, Nov. 15.—Political gossip here names Brigadier General Frank E. Henderson, Marysville, as the probable selection for adjutant general by Governor-elect Donahey. Henderson was third in command of the Ohio regiment in the Rainbow division during the World war.

Trained Leadership Needed To Develop City Resources

Fine Buildings Alone Can't
Build Up Communities,
Says Ray Carter.

We cannot trust to fine buildings to build up better communities for without trained leadership and a spirit of intelligent good will which will leave out no class of people, the latent resources of any city cannot be properly developed, according to Ray F. Carter of Seattle, Wash., who addressed the Salem Rotary club Tuesday noon on "Community Service."

"Why should we wonder at the unrest and disquiet existing today in view of the fact that for generations the people who were built for outdoor activities have been confined indoors by sedentary occupations. Our physical beings naturally rebel better."

Evidences Of Hell Are Seen On Every Hand Says Wollam

Founding his discourse on this scripture text, "And these shall go away into eternal punishment; but the righteous into eternal life," Evangelist Edgar A. Wollam, Cleveland, discussed the subject "Is There a Hell?" at the evangelistic service at the First Friends church Tuesday evening.

"I am not speaking on this subject because it is an inviting one," declared the evangelist, "but because I want to be a faithful minister of Christ." "I cannot feel clear to leave without speaking on it. This is a very much neglected theme. If more hell was preached in the pulpit there would be less trouble over this land and people would be more anxious to get to God."

Rev. Mr. Wollam discussed this subject from the standpoint of human reason and evidences found outside the Bible and then from the word of God.

KYES TO CONGRESS BOOM IS LAUNCHED

With the announcement that friends of Congressman Frank Murphy of Steubenville have started a boom for him as governor in 1924, many friends of Atty. L. M. Kyes of East Palestine have entered his name for congressional honors to succeed Murphy in two years.

In past years Kyes has flirted with the congressional field but in his absence from his home it has not been learned whether he will consent to the present boom.

Blue Law Demand Will Be Extended To Hit Cleveland

Cleveland, Nov. 15.—Absolute enforcement of the "blue law," prohibiting Sunday selling, was the threat faced by Cleveland Heights today.

J. H. Locks, who said he was acting in his capacity as a citizen, and not as a representative of any organization was to confer with City Manager H. H. Canfield and Chief of Police W. G. Barrows this afternoon.

"The laws are on the statute books," Locks said. "I'm going to see that they are enforced in Cuyahoga county. When we get through in Cleveland Heights we'll move over to the big city and go after Sunday law violators there."

Vivian's Eleven Faces Big Task As South Comes

Youngstown Team Reported
To Be Fast And Heavy,
Has Good Record.

Out of the frying pan into the fire. That is the predicament of the Salem High gridders find themselves in when they gaze ahead to the contest at Reilly field Saturday.

The East Liverpool team proved a tough foe but the Youngstown South aggregation here Saturday will likely prove even more so. At least their advance record points in that direction.

South is not taking the game with Salem lightly. In fact the Youngstown gridders are holding secret practice sessions, working behind locked gates this week. They have some respect for the steam rolling aggregation gathered together by Coach Vivian.

The visitors will have a big advantage over the Red and Black in more ways than one. The local lads will be outweighed more than 20 pounds to the man. The height of the South boys have enabled them to get by with lots of straight football but they have also developed a highly organized forward passing attack, with which they expect to chalk up another victory to their long string.

Coach Vivian will have the same team ready for action that smashed its way to the county championship last Saturday. South holds a victory over Warren, 15-7, while that same team holds a victory over Salem, so the dope all points its finger in one direction. But the dope bucket is liable to be completely upset Saturday as it has been on more than one occasion in the past.

Blame Train Crews For Fatal Accident

Washington, Nov. 15.—Blame for the disastrous rear-end collision between two Missouri Pacific passenger trains at Sulphur Springs, Mo., on August 5, resulting in the death of 34 persons and the injury of 186, was placed on several members of the train crews in a report submitted today to the interstate commerce commission by M. P. Borland, chief of the bureau of safety.

Lisbon In Darkness, Ends Church Service

Lisbon, Nov. 15.—Lisbon was in darkness for about two hours last night, the electric lights going out shortly before 8 o'clock. The streets shortly after 8 o'clock, and in and business houses were dark, and in the churches, where special services were being held the congregations had to be dismissed. The same thing occurred at the picture shows.

CITY NO GREATER THAN SPIRIT OF PEOPLE HE SAYS

Active Service In Chamber
Of Commerce Is Need,
Says Canton Man.

KEEP GIRLS HERE
IS PASTOR'S PLEA

Canton Boy Scout Leader
Also Speaks At Meeting
Tuesday Night.

"A city is no greater than the spirit of its people and ever man owes an obligation to the community in which he makes his living. This obligation can be paid most effectively by active service through membership in the Chamber of Commerce as more good can be accomplished by cooperation than by working single handed."

So declared Harry F. Luethi, manager of the Canton Chamber of Commerce, who delivered the principal address at the monthly meeting of the Salem Chamber of Commerce following an excellent chicken dinner Tuesday evening.

S. C. Adams, Canton's Boy Scout executive, who served as judge of the Columbiana county scout rally held here last June, was called upon by Vice President Arthur W. Stoner, who presided, to tell of the great movement which he described as developing boys into more substantial members of the Chamber of Commerce of tomorrow.

Rev. B. E. Ratzky of the Emanuel Lutheran church deplored the tendency of young women to leave small towns to seek employment in offices and factories in larger cities, and urged the Salem Chamber of Commerce to go after some industry that might afford more employment for the young women of Salem, saying:

Developing Communities
"If we keep the young women here, we can keep the youngmen, too. And that's where the ministers come in, for some tender attachments are bound to result—and that's only a beginning."

Speaking of the Chamber of Commerce and its relation to the community, Manager Luethi pointed out that cities are not made of brick and mortar, but that they develop in proportion to the spirit of the people living in them.

"As the department of commerce under the able direction of Secretary Herbert Hoover is doing for the country at large, so is the local Chamber of Commerce working for the development of every live community, for there is no live community without its Chamber of Commerce," asserted Manager Luethi.

"The same things that have made it difficult to carry on the nation's business, have been at work on a slightly smaller scale in every community. Since the war men have seemed to weary of well doing in community effort."

"But there never was a time when there were more problems to be dealt with; never a time when there was more need for active Chambers of Commerce supported by every public spirited business and professional man."

STATE APPROVES NEW MOVIE HOUSE

Building Inspector Places
O. K. On State Theater
On Lundy St.

The official "O. K." of the state building inspector's office at Columbus has been placed on the new State theater building, Lundy st. Deputy State Inspector G. P. Butler of Columbus, visited the building Tuesday and after a thorough examination placed the seal of approval on the new playhouse.

The weight test for the balcony was conducted in the presence of several witnesses. Cement weighing 7,000 pounds was placed over an area of 80 square feet in the balcony, which showed absolutely no deflection, although the state building code allows a deflection of three-sixteenths of an inch in this case.

It was pointed out by Inspector Butler that with the balcony filled to capacity there would not be nearly that much weight at any time. The balcony has a seating capacity of 262 persons.

The new playhouse will be opened to the public about Nov. 27 according to present plans of Manager Virgil Rakestraw. It will have a seating capacity of 750.

Gas Torch Explodes, Three Burned Badly

Lima, Nov. 15.—William Cramer and son, Joseph, are reported lying in a Lima hospital today and Albert Cramer, another son, is in a serious condition at his home in Columbus Grove, near here as a result of a gasoline torch explosion in their home early today.

The explosion occurred in the kitchen of their home while the sons were repairing their radio equipment. The force of the blast rocked the house and was heard for several blocks.

Answering The City's Call

DR. KENYON L. BUTTERFIELD of the Massachusetts Agricultural college has sighted a new danger in the social life of America. As president of the Country Life association he opened its annual conference at Columbia university with a speech in which he said that unless a great improvement in rural education is forthcoming we are likely to develop a "peasant class" in the United States because of the increasing social contrast between the country districts and the city.

No doubt education in some rural districts has not received the attention it should have received, just as public health in some rural districts has not been advanced as it has in the cities. Both are conditions which will be corrected, and it must be remembered that all cities do not register perfection in schools and in sanitation.

But Dr. Butterfield's vision of a peasant class is far fetched. "So far has rural segregation hardened into a social habit," he is quoted as saying, "that in most parts of the world the peasant farmer is the dominant type of countryman. He lives in a world of ideas, habits, contacts, quite his own. In the United States and Canada the fluidity of the population movements has prevented thus far the formation of a peasant class."

If this fluidity has prevented the crystallization of a class in the past it should prevent it now, for it is still characteristic of American life, and modern transportation methods tend to promote it. The first population movements in this country were movements from one agricultural section to another. They were movements which made an ever changing frontier. The later population movements have been no less marked, but they have been from agricultural districts to the cities. There is nothing static about America's population.

The formation of a peasant class is against the natural impulse of American life. There is no tradition in this country, as in Europe, working to cause the son to follow in the path trod by his father. The cities are insistent in their call for new blood and the call is still heeded by the boys from the farms, the boys from the small towns.

Has Not Changed
WOODROW WILSON's address to those who took part in an organized demonstration before his residence on Armistice day shows that he still cherishes a hope that the United States will enter the League of Nations on his terms. As he never accepted advice or suggestion, so he seems to be unable to learn the lesson of events. That his vindictiveness against the senators who refused to ratify the Versailles treaty without reservations, as he demanded, is unallayed was made apparent. Not a political happening in Europe since the League of Nations was rejected but has offered proof of the wisdom in our refusal to enter that body as now constituted, yet he seems to possess the idea that since he endorsed the plan of the league all the proof needed of its desirability has been offered and that those who do not accept his views are "puny persons" actuated by "personal partisan motives."

It is not a pleasant spectacle which Woodrow Wilson presents in this vengeful attitude. His letters have been political and for the most part for the purpose of castigating those whom he dominated "willful" or "marplots." His speeches have been expressions of bitterness, when from any other man who had been so highly honored we might expect optimistic utterance rather than pessimism. He sees not the brighter, the more hopeful aspect. To him anything that goes counter to his beliefs is not to be tolerated. He gives every evidence of being an unhappy man. In fact no man can be happy who dwells on his enemies and allows them to absorb his thoughts. He lacks a philosophic nature.

With the close of the recent school term Miss Kate M. Stevens rounded out 50 years of service as a teacher in the New York city schools.

20 YEARS AGO

(Issuing of Nov. 15, 1902.)

Last evening about 40 Odd Fellows from this city went to the home of Nelson McCann, Franklin rd., to assist in husking Mr. McCann's corn. By voluntary action on the part of the Pennsylvania company 147,000 men have been given an advance of 10 per cent in their wages. This included employees on the lines west of Pittsburgh.

The celebrated code for the municipalities of Ohio will go into effect in all cities of the state after midnight tonight.

Missouri leads all other states this year in the average corn yield, the figure in that state being 35 bushels to the acre. Ohio is a good fourth with 28.

Mrs. Jack Myers, 26, Alliance, died Friday night of smallpox. She was buried at midnight at the Hebrew cemetery.

Celebrating his birthday anniversary a company of friends of Frank Reeves surprised him last evening at his home, Lisbon rd. A turkey dinner was served.

Loren Cook, widely known farmer of Perry township, died last midnight at his home, Benton rd. He was born in Green township 63 years ago. Most of his life was spent near Salem.

E. M. Slagle, who lives near Washingtonville, has picked 26 quarts of strawberries since the middle of October and has sold them in this city for 25 cents a quart.

New Waterford is soon to have a new bank, which will be conducted by George Koch and T. H. Lowry. It will be known as the bank of New Waterford.

Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is almost like magic. It takes but a moment to prepare, and really there is nothing better for coughs. Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, the full pint cures about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly, and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out, and then disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, hoarseness, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, the most reliable remedy for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

NO REST--NO PEACE

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Salem people recommend Doan's Kidney Pills. Be guided by their experience. Ask your neighbor.

Mrs. F. C. Duncan, 219 E. Fourth st., Salem, gave the following statement May 21, 1917: "My health was in a bad way from kidney trouble. My back ached so bad I could hardly do my housework. There was a constant, dull pain across the small of my back and I couldn't turn in bed, my back was so weak and sore I would walk the floor. My back pained so. My kidneys acted irregularly. When I got up in the morning, I was as tired as when going to bed. It was all I could do to drag around. I was nervous and restless and my head ached. Nothing gave me relief until I began taking Doan's Kidney Pills, which I got at Flossing's drug store. I soon felt much better and when my kidneys got out of it now, Doan's soon put them right."

On June 7, 1921, Mrs. Duncan said: "I know from past experience that Doan's Kidney Pills are good. My health now is about all I could wish for."

20 Mexicans Killed, U. S. Gets Protest

Washington, Nov. 15.—The American government today received a strong note from the Mexican government protesting the continued killing of Mexican citizens in southern and southwestern states. In the last few months, the note sets forth, more than 20 Mexican citizens have been killed by unlawful violence in southwestern states and in none of these cases have the perpetrators of the crimes been brought to justice by American officials.

Treaty To Protect Americans In East

Washington, Nov. 15.—One or more treaties of amity and commerce, amply protecting American rights in the Near East, probably will result from the Lausanne conference, it was learned in official quarters today.

While the United States has definitely determined not to be a signatory to the peace treaty to be negotiated at the conference, American observers there have been informed that this government expects to conclude commercial treaties which will guarantee the rights of interests it has consistently contended for in Asia Minor.

War On Gamblers Is Opened In New York

New York, Nov. 15.—The war on gamblers has been started by local boxing authorities with the placing of three men on the black list. The individuals in question are to be denied admittance to all New York clubs and barred from association with all boxers and managers.

This action was taken by Wm. Muldoon, chairman of the New York state athletic commission, after a conference with representatives of various fight clubs.

SAYS RED PEPPER HEAT STOPS PAIN IN FEW MINUTES

Rheumatism, lumbago, neuritis, backache, stiff neck, sore muscles, strains, sprains, aching joints. When you are suffering so you can hardly get around, just try Red Pepper Rub. Nothing has such concentrated, penetrating heat as red peppers, and when heat penetrates right down into pain and congestion relief comes at once.

Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes the sore spot is warmed through and through and the torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Be sure to get the genuine, with the name Rowles on every package.

GERMAN CABINET CRISIS REPORTED

Berlin, Nov. 15.—Germany today faced both an internal and external crisis as the result of the fall of the Wirth cabinet. Former Chancellor Wirth—ex-professor of mathematics—represented the policy of fulfillment or surrender to the demands of the allies.

The collapse of the Wirth government has been expected for several days owing to pressure from various sides. The adherents of Hugo Stinnes, the industrial magnate, were demanding representation in the government, while the Socialists voted down a proposal to participate in a coalition cabinet.

The situation is appears likely that the present moment it appears likely that "bourgeois coalition cabinet" will be formed with representatives of the German Peoples' party, Democrats and Centrists.

It is a question, however, how long such a government could last under the bitter attacks of the Socialists and Communists. The extremists are assisted by the fact that winter is coming on and a famine of both food and fuel face the German people. The mark is down so low that it is nearly valueless and debt and taxation are crushing rich and poor alike.

Calls Industrial Securities Best

Cleveland, Nov. 15.—"The natural trend of business is always upward and onward, and in my opinion securities of properly managed industrial companies are the best type for bankers to loan on," said Charles M. Schwab, of the Bethlehem Steel corporation last night, addressing approximately 6,000 bankers from Ohio, Pennsylvania and Indiana.

"The United States is the workshop of the world and if bankers pin their faith to the business man and stand by the great industrial ship, this country is going to get the business of the world."

The Japanese chemists have been experimenting with a colloidal fluid for fuel that displaces both coal and oil and bids fair to revolutionize shipping because of its intense heat and the small space in which the supply for the cruise may be stored.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, hollow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

EVIDENCES OF HELL

(Continued from first page.)

Bible on hell than there are in the Bible on Heaven. The Bible says hell is a place of punishment. I cannot tell you just the nature of that punishment. If literal fire is only symbolic what must the reality be. Hell is a place of everlasting punishment. "God never created a human being to send him to hell. When man refuses association with God what then? Men and women are leaping over the prostrated form of a wounded Christ and going to hell. Men and women. A pardon has been issued to you in Christ and signed in his blood. I am here to bring you good and glorious news to escape hell. There is just one way—No other name given under Heaven among men whereby we can be saved but the name of Jesus."

"God's Yard Stick" is the subject announced by Evangelist Wollam for the Wednesday evening service. It deals with the Ten Commandments and their relation to the popular sins of this day.

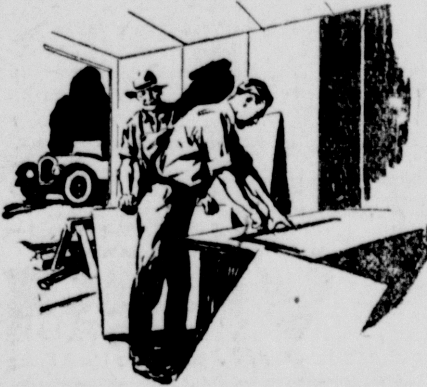

Boy Given Damages Against Auto Driver

A jury empanelled in common pleas court to try the case of Arthur Rohrbach, a Columbian boy, through his father, F. Rohrbach, against John M. Rohrbaugh of Canton, returned a verdict in favor of the boy for \$304.50. The case grew out of an automobile accident which occurred July 9. It was claimed that the boy undertook to cross Salem st in Columbian in front of his home, when he was struck and knocked down by an automobile driven by Alice Rohrbaugh, a daughter of the defendant. He was injured to such an extent that he was taken to the hospital for a time, and the full amount of damages asked was rendered by the jury.

Canton—Reported among the list of robberies here is one at the W. S. Yhoe's hardware store where thieves smashed a large plate glass window and stole guns, flashlights and ammunition.

Mrs. Mary C. Spencer of Lansing, has been head of the Michigan State Library for 29 years and in point of service she is believed to be the oldest state librarian in the United States.

Daily Suggestions For Games.

NOTE—The News, realizing the importance of directing play activities and especially the mental and physical value of education through play, not only for young people, but adults as well, will publish, in these columns daily a number of games, furnished by the Social Recreation Department of National Community Service. It is suggested that readers clip these articles, and keep for future reference.

GAMES

Different ways of getting partners.

1. Cut advertisements in two, or if the same ones are duplicated, cut them in different ways.

2. Give names of states to boys, and capitals of states to girls.

3. Send all the girls in one room, all the boys in another. Stretch a big cloth or sheet across the door between the rooms. The girls put their feet under the sheet, while the boys choose the owner of a certain shoe for a partner. The same thing may be done choosing hands, eyes, etc.

4. Use mother goose characters. Mr. and Mrs. Jack Spratt, Jack and Jill, etc.

5. Give duplicate slips to boys and girls, naming a stunt. Each boy in turn does his stunt and when a girl recognizes it as the same one described on her slip, she claims him for a partner.

SOCIETY

Loyal Woman's Class

Officers for the year were chosen at a meeting of the Loyal Women's class of the Christian church Tuesday evening at the church. They are: President, Mrs. Carol Beck; vice president, Mrs. W. W. Brown; recording secretary, Mrs. Lloyd Hancock; recording secretary, Mrs. Jackson; supply secretary, Mrs. Harvey Harris; birthday secretary, Mrs. L. S. Davis; orphan secretary, Miss Maude Edney; treasurer, Mrs. Mabel McCauley; teacher, Miss Adda Bonnell; assistant teacher, Mrs. Cora Schwartz. Both the teacher and assistant were re-elected.

Miss Celesta Goodman had the devotionals and Mrs. Lloyd Hancock was in charge of the program of entertainment. Refreshments were served.

Travelers Club

Mrs. H. H. Sharp was leader at a meeting of the Travelers club Tuesday afternoon at the Chamber of Commerce rooms and read an able paper on "The Political Situation in Ireland."

Irish jokes by different members caused a great deal of merriment. Mrs. E. W. Pulker, Leontina, sang "And They Called It Ireland." She was accompanied by her sister, Mrs. Laudig, Leontina.

Attorney H. L. McCarthy gave a talk on "Literature of Ireland" and read a poetic play, "Land of Heart's Desire," by William Butler Yeats. "My Mother" was the second song sung by Mrs. Pulker. The program was one of the most interesting the club has had this season.

Honor Retiring Members

Two retiring members of the Young Ladies Sodality were honored at a meeting of the society at the K. of C. hall, Broadway, Tuesday night when Mrs. Arthur Haessly and Miss Clara Patch were presented gifts of silver. The occasion marked the approaching marriage of Miss Patch and the recent wedding of Mrs. Haessly. In the event of marriage the members become ineligible as members of the sodality.

The associate hostesses were the Misses Helen Cogrove, Julia Dean, Marie Hirtz and Clara Patch. Dancing, visiting and luncheon were pleasant diversions. Mrs. Haessly, who has been president of the organization will be succeeded by Miss Helen Patch.

Surprise Party

Employees of the Lyle Printing company and the wives of the married men carried out a surprise for Mr. and Mrs. A. H. Stratton Monday evening at their home, East Seventh st. in honor of their recent marriage. The honor guests were presented a gift by their unexpected visitors and a social time occupied the hours.

Miss Whinnery Hostess

Miss Alta Whinnery was hostess Tuesday night to members of the World Wide Guild of the Baptist church at her home on the Damascus rd. Sewing and a general social time added to the entertainment of the guests. Miss Whinnery served a luncheon. Another meeting of the guild will be held the second Tuesday in December.

Marriage License

Marriage licenses have been issued to Paul Contor and Ileana Ona, both of Salem.

Paul Pelley and Eliza Huddleston, both of East Liverpool, who were married in Lisbon by Rev. P. E. Carson.

Luncheon And Bridge

Mrs. Burt Leeper was hostess at a luncheon Tuesday at which she entertained her club associates. Later bridge was introduced and the honors were awarded Mrs. F. T. Miles. In one week the members will meet again.

Unity Class

Members of the Unity Bible class of the M. E. church met Tuesday evening at the church and after a business meeting had a social period. There were short speeches by different members on a lunch.

Asbury Class

Miss Minnie Sechler was hostess to members of the Asbury class of the M. E. church Tuesday evening at

her home, North Howard st. The time was devoted to sewing and various selections entertained.

Mrs. Lottie Bentley, of Niles and her son Harold, of Chicago, are spending a few days with Miss Clara M. Bentley, 219 Roosevelt ave. They are on a motor trip through Indiana and Ohio to Pittsburgh.

Mr. and Mrs. C. K. Detimore and Mrs. Charles Finneran motored to Youngstown Wednesday where they spent the day.

Mrs. Mary Callaway, Roosevelt ave., was taken to the Central Clinic hospital Tuesday for treatment.

Mrs. Frances C. Moore, Benton rd. entered Salem City hospital Wednesday for treatment.

Rudyard Kipling, Famous Novelist, Is Seriously Ill

London, Nov. 15.—Rudyard Kipling, famous novelist, was taken to the hospital today suffering from serious illness. It was stated that a major operation might be necessary.

Mr. Kipling was recently the central figure of an international controversy regarding the truth of a statement he was alleged to have given to a woman reporter. According to the reporter Kipling said that "America had gone into the war too late and while she had captured the world's supply of gold she had lost her soul." Kipling denied making any such statement.

Clara Phillips To Know Fate Tonight

Los Angeles, Calif., Nov. 15.—Any one of six possible verdicts ranging from guilty of murder in the first degree with death as the penalty, to not guilty by reason of insanity may be returned by the jury which is to decide the fate of Clara Phillips, charged with beating to death Mrs. Albert Meadows with a hammer, Superior Judge Hauser instructed that body today. Preparations were made for a verdict before 5 p. m. today.

OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back, and out comes the pain. It is harmless, and doesn't burn the skin.

Lumber up. Don't suffer. Get a small trial bottle of old, honest St. Jacobs Oil from any drug store, and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt, or cause any more misery. It never disappoints, and has been recommended for 60 years.

FILE VOCATIONAL CLAIM BY DEC. 16

Ex-service men who feel that they have a claim for vocational training, through disability incurred in service, have until Dec. 16 to file such claim with the U. S. Veterans' Bureau, according to announcement of the Washington division of the American Red Cross, of which the state of Ohio is a unit.

All ex-service men who have been interested in training, but have delayed filing their applications, are urged to do so immediately and are requested to consult with the sub-district office at Canton regarding their claims. A man is required to begin training within one year after becoming eligible for same.

The claim for vocational training does not in any way include claims for compensation. The time limit for filing such claims is five years from the date of discharge from service. Compensation is payable only for a disability which occurs or is aggravated in service, or if it develops following discharge from service, within a year after such discharge, with the exception of active pulmonary tuberculosis or neuro psychiatric disability.

State Will Widen Old National Pike

Columbus, Nov. 15.—The old National pike from Zanesville to Wheeling, W. Va., will be widened by the Ohio highway department from 16 to 20 feet "as soon as funds are available," Highway Director Herrick announced today.

He added that an effort would be made this winter to set aside sufficient funds for the work, but that actual construction could not begin before next April.

CATARRH OF THE STOMACH

YOU CAN'T ENJOY LIFE with a sore, sour, bloated stomach. Food does not nourish, lard it is a source of misery, causing pains, belching, dizziness and headaches.

¶ The person with a bad stomach should be satisfied with nothing less than permanent, lasting relief.

¶ The right remedy will act upon the linings of the stomach, enrich the blood, aid in casting out the catarrhal poisons and strengthen every bodily function.

¶ The large number of people who have successfully used Dr. Hartman's famous medicine, recommended for all catarrhal conditions, offer the strongest possible endorsement for

MERGER OF MEAT PACKERS SOUGHT

Move Seen As Forerunner Of Plan Involving All Big Five Packers.

Washington, Nov. 15. — A proposal involving consolidation of the huge packing interests of Armour & Co. and Morris & Co., two of the "big five" packers, was presented to government officials today for federal approval under the packers act and Sherman anti-trust law.

Representatives of the two concerns headed by J. Ogden Armour, multi-millionaire head of Armour & Co., conferred with Secretary of Agriculture Wallace today for an hour. The consolidation would be effected by the purchase of the Morris company by the Armour interests, it was learned. The financial amount involved would total \$50,000,000 it was said.

Chicago, Nov. 15. — Consolidation moves of the Armour and Morris packing interests were believed here today to be the forerunner of other negotiations which will have for their end the merging of all five Chicago packing companies into one gigantic combination.

The combined capitalization of the big five is \$394,832,000. Their combined assets total \$1,097,707,454.

Consolidation of the Armour and Morris companies would create a corporation with assets of \$571,941,513, a capital of \$190,703,400, a funded debt of \$148,136,969 and a surplus of \$64,753,952.

In capitalization the Morris company is third in size among the big five although in assets the company ranks fourth.

Millionaire Philanthropist Saves The Babies.

When he returned from a visit to Europe recently it was said of Nathan Strauss, millionaire New York philanthropist, that he has saved more babies than were lives lost in the World war because of his munificent milk pasteurization charities in America.

Big Oil Contract Let

Washington, Nov. 15. — A contract for 10,000,000 barrels of fuel oil to operate vessels of the United States Shipping board for next year, was let today to the Standard Oil Co. of New Jersey by Chairman A. G. Lasker. It is understood the Standard will fill the contract from its California fields.

FOR INDIGESTION

MI-O-NA is Guaranteed to Promptly Relieve Stomach Distress

People go on suffering from little stomach troubles for years and imagine they have a serious disease.

They overeat and force on the stomach a lot of extra work. But they never think that the stomach needs extra help to do extra work.

If these people would take a MI-O-NA Tablet with or after meals it would be a great big help to the stomach in its strain of overwork.

MI-O-NA helps your tired out stomach to do its work and banishes the cause.

No matter what you eat or drink MI-O-NA will sweeten your sour stomach and stop gas belching in five minutes. The heaviness disappears and the stomach is greatly aided in its work of digestion.

And MI-O-NA not only promptly relieves all distress but if taken regularly will banish indigestion.

Druggists everywhere and The J. H. Lease Drug Co., Bolger & French and Flooding's drug store sell MI-O-NA on the money back plan.

Only Township Without One Paved Road, Opposes Paving

Lisbon, Nov. 15.—Franklin township, the only township in Columbiana county minus an improved highway, fences only a brief distance apart but possessing many mud roads, is going to continue to have mud roads. It is because the taxpayers of the township are not interested in surfaced highways.

The stage had been set for the construction of several miles of improved highway in Franklin by the county commissioners, but, now the curtain has been rung down, and all because the township trustees are divided, also many land owners.

When the county commissioners this week were addressed by Attorney Charles S. Speaker, the latter speaking for 100 land owners in Franklin township, asked the board to reconsider its action to improve several miles of the old right of way of the Cleveland & Pittsburgh railroad and be then read the following heading of three petitions.

"We, the undersigned land owners and taxpayers of Franklin township, Columbiana county, Ohio, living near the proposed change of roadway and improvement of the old right of way line of the Cleveland & Pittsburgh railroad in said township, believing that such change and improvement of that roadway would not be beneficial to the taxpayers and land owners of the vicinity and that it is not desired by them, respectfully petition the board of commissioners not to make said change and improvement to said right of way."

"The old road now in use has been improved at the expenditure of many thousands of dollars, and is in condition to be used. The new road, if established and improved, would run parallel to the old, they being not to exceed 150 yards apart, and would

TURKISH CUNNING BEING EMPLOYED TO SPLT ALLIES

Lausanne, Switzerland, Nov. 15.—Despite the Turks' protestations of peace, Turkish diplomacy, notorious for its cunning and insidiousness, is at work today to split the allies and perhaps embroil Europe in another great war.

England and France are at loggerheads over the course to be pursued at the Near East peace conference when it convenes here. They have not been able to agree upon a program nor even the date of the parley.

Lord Curzon wants a preliminary meeting held in London to arrange the details. Premier Poincare of the details. France will not go to London. General Sir Charles Harrington, British commander at Constantinople, wants to proclaim martial law at once. He is opposed by General Pelle, French high commissioner, who is supported by the Italians.

The dissensions between the allied governments have fostered a spirit of arrogant aggressiveness among the Turkish Nationalist leaders, especially the extremists in the Angora assembly.

"Turkey is a Democracy and it is striving for peace," declared Ismet Pasha, head of the Turkish delegation. "Our only claim is that Turkey be recognized as an independent nation on the same equality as other nations. Turkey in the future will not be ruled by a religious head. The caliphate will be of purely religious character. Turkey will be ruled by the head of the democratic government and the assembly."

"Turkey will not be a vassal state any more, the pawn of more powerful countries."

"We want peace and we have come here to debate the conditions of peace. We do not intend to capitulate before any ultimatum either."

Ismet Pasha hinted at "powerful friends" of Turkey, intimating that negotiations may be under way to frame an alliance between Turkey and soviet Russia.

GEORGETOWN

Mrs. Karl Sells and baby of New Cumberland, W. Va., returned home last week after a visit with her aunt, Mrs. John L. Somers.

cause it is built on reason. Scientific authorities admit its power! S. S. S. builds blood-power, it builds red-blood-cells. That is what makes fighting-boils. Fighting-boils destroys impurities. It fights boils. It always wins! It fights pimples! It fights skin eruptions! It builds nerve-power, thinking power, the tight-fisted power that whips a man up into success. It gives women the health, the angelic complexion and the charm that moves the world! These are the reasons that have made S. S. S. today the great blood-cleanser, body-builder, success-builder, and it's why results have made tears of joy flow from the souls of thousands! Mr. V. D. Schiff, 557 15th St., Washington, D. SCIENCE MAKES WOMEN BEAUTIFUL

Some women are born beautiful; others acquire beauty. Dr. W. Augustus Pratt, famous New York plastic surgeon, helps 'em acquire it. With one preparation he removes blemished skin from the face, which he then covers with rice paper until a new beautiful skin replaces the old one. For those women who want large, soulful eyes a slight tilt in the corner of the eyeball, a pulling back of the skin of the eye—and they have 'em. An application of frozen carbon dioxide removes blemishes and birthmarks in ten days.

Constantine, Former Greek King, Retires Forever

Palermo, Italy, Nov. 15.—Constantine, former king of Greece and an exile from his native land, has retired from active politics for life and never again will seek to return to the Hellenic throne, no matter how loudly the people may call for him, he revealed today in the first interview he has given out since his abdication.

Asked if he would return to Athens to stand trial before a revolutionary tribunal on the charge of being responsible for the Greek military collapse, former king of Greece and an exile from his native land, Constantine replied: "It is all nonsense about my returning to Athens. I am not going back to stand trial. It is equal nonsense about my going to Doorn to live near my brother-in-law, the former German kaiser. I am in complete retirement. Never again will I become involved in politics. I have no plan for the future except to lead a quiet, isolated life. I will remain

at Villa Igea in Palermo for the time being."

If the monarchists in Greece are active in behalf of "Tino," as Constantine is frequently called, the former king knows nothing of it. He will have nothing to do with Greek affairs; will not even discuss them. There are no couriers from Athens visiting him. Occasionally a personal friend drops in but not to talk politics. That subject is barred.

"Tino" said he probably would remain in Sicily all winter and in the spring buy a small villa upon the Italian Riviera, where he will spend his declining years reading, writing and growing a few olives.

"Those fellows have certainly grown egotistical," declared Constantine sarcastically, when asked for an

opinion as to the victorious Turks. "They have what you Americans call the swelled head. I wonder what the English think about this mess."

FOUR SALEM MEN WILL BE JURORS

County Clerk Burns on Tuesday drew from the jury wheel the names of 20 men and women who will be notified to report in court next Monday morning for service in the two branches of the common pleas court. The list follows:

Homer Wilson, Hanoverton; W. W. Hume, Harry Huston, Mrs. Addo Coyle, Columbiana; John Patterson, Lisbon; Rose Geisse, East Liverpool; A. H. Rogers, Salineville; Miss Mary Travis, Rogers; C. E. Merrick, A. C. Neal, East Rochester; W. D. Kisher, Homer Poppel, Henry Halverstadt, Leetonia; George Gibson, S. Grove, Jr., E. I. Goldy, Frank J. Ward, Salem; Frank Wilcoxon, Wellsville; J. D. Smith, Washingtonville; Charles Tul-lis, Signal.

Two Teachers Ill At Washingtonville

Miss Mary C. Fitzsimmons, principal of the Washingtonville High school is slowly recovering from a very severe illness. It is not likely that she will be able to resume her post before January. Miss Fitzsimmons has been suffering from an attack of pneumonia, and at times her condition has been considered critical. Her work in the school is being looked after by Mrs. Earl Richardson, of Lisbon.

Miss Velma Ball, a teacher in the Washingtonville school, has been unable to continue her work on account of being injured recently in an automobile accident. She teaches the fifth grade, and pending her recovery the grade is being taught by Mrs. Clyde Barlow.

Well Driller Hurt As Pole Hits Him

Dallas Lodge, operator of a well driller, sustained a bad scalp wound Tuesday afternoon while drilling a well for water at the Saeger coal mines, below West Point. He was engaged with the driller when a pole slipped and struck him on the back of the head, cutting a gash five inches long. Mr. Lodge lives a short distance north of Lisbon.

Lovely Ribbon Gifts

Some one you know is hoping to find a new pair of garters or a rich ribbon bag in her Christmas stocking and here are garters and bags that are guaranteed to please. One pair of the garters is made of narrow silver ribbon finished with tiny ribbon roses. Satin ribbon and narrow black lace make the other pair. Black moire ribbon with silver filigree mounting and ring handles serve for the handsome bag lined with rose colored satin. The other bag uses black and silver brocade with a tortoise shell mounting.

Too Bad! Too Bad!

This is the story told by a New Orleans gentleman attending the foreign trade convention: A steamship arriving from a French port had an enterprising officer who saw a fine opportunity to profit through the dry condition of the United States. He put in a large stock of liquor, and when the vessel arrived in New Orleans had no trouble in getting in touch with purchasers. They agreed to pay on delivery.

The price was \$3,000. The liquor was passed over the ship's side in the middle of the night on to a small vessel alongside and the \$3,000 given to the officer. The next day the seller went to the bank to buy French exchanges. A few minutes later he was doing two things at one time—tearing his hair and swearing like a trooper. His \$3,000 was Confederate money.—Philadelphia Public Ledger.

Boiling Points of Metals.

For a long time the boiling points of metals were not very accurately ascertained. Not so long ago Greenwood undertook a new investigation of the subject and he gives the following results for certain well-known metals:

Aluminum, 1,800 degrees centigrade; copper, 2,310 degrees centigrade; iron, 2,450 degrees centigrade; and tin, 2,270 degrees centigrade.

America's Garden Spot of Health

To get the most out of life, you must enjoy it. The rules are simple. The reward is priceless.

THE whole scheme of progress is based on the desire for enjoyment. But without health, you cannot enjoy life.

If your nerves are irritated and weakened by the effects of coffee or tea drinking, you cannot have good health. If you can't sleep nights, and you suffer from headaches, and are generally depressed, stop coffee and tea. Drink delicious Postum instead, and see if you don't feel better.

Postum is a pure cereal drink that satisfies the most exacting taste for a refreshing hot beverage.

Order Postum from your grocer today. Give this delicious beverage a fair trial, and like thousands of others you will never go back to coffee or tea again.

Postum is sold by your grocer in two forms: Instant Postum (in tins) prepared instantly in the cup by the addition of boiling water. Postum Cereal (in packages, for those who prefer to make the drink while the meal is being prepared) made by boiling fully twenty minutes.

STORES CLOSE IN GAILEY'S MEMORY

Every business house in Lisbon was closed from 2 to 4 p. m. Tuesday as a tribute to the memory of the late Frank R. Gailey, whose death occurred last Saturday.

The funeral services, which took place at 2 o'clock at the home, were conducted by the Salem Commandery, Knights Templar, Rev. P. M. Kendall, pastor of the Christian church, speaking briefly. The service was attended by the members of the Masonic lodge of Lisbon, by a large concourse of Lisbon people, and by many Salem Knights.

Those who served as pallbearers, chosen from the ranks of the Knights Templar, were H. H. Wright, Dr. J. F. Steele, F. H. Pritchard, J. H. Hinchliffe, Clyde Harley, C. E. Hamilton, H. C. McCamon and Homer Deemer.

FAIRFIELD ROAD PLANS UP AGAIN

Fairfield township trustees will be summoned to confer with the county commissioners next Monday. There is a division of opinion existing among that board relative to the distribution of funds for improved roads, although it is a matter of record that Fairfield has perhaps more improved road mileage than any other township in the county.

Residents of this township have talked with the commissioners for several weeks relative to the improvement of the Lisbon-Youngstown rd, which would give Columbiana another outlet.

Plans have been prepared for the

Use This to Stop Neuritis Pain

No matter where your pain is located—in the back, shoulders, arms, legs or joints—you can get relief without taking anything to deaden the nerves.

Most people do not know that sciatica, rheumatism, neuralgia, bad teeth, colds and other ailments often end up in neuritis or nerve inflammation.

The quickest way to reach the diseased nerves is by absorption. That's where Tysmol gets in its work. Tysmol is applied over the spot where you feel the pain, and is taken up through the pores of the skin. It soothes and heals the inflamed nerves, helping to restore them to healthy condition.

Tysmol contains no dope—no poison. Absolutely harmless. Get a good supply of Tysmol from The Lease Drug Co., Price \$1. Tysmol Company, Mfg., Chemists, 400 Sutter st., San Francisco.

improvement of the Middleton rd in Fairfield, but whether a start will be made on this job by the contractors this late in the season is not known.

WIDOW DENIED AID APPEALS TO COURT

Mrs. Bam Freeman, widow of the late Alexander Freeman, of Wells-ville, whose death occurred about two years ago, has appealed to the court here from the decision of the Industrial Commission of Ohio, which refused to allow compensation to her for the death of her husband.

Freeman was employed in Wells-ville at the plant of the McClain Fire Brick company, his work being to fire tunnels and draw ashes from the same. It is claimed that he was given an unsafe place in which to work, and that his death on Feb. 15, 1920, was due to poisonous fumes which he had been obliged to inhale.

After his death the widow filed her claim for compensation with the state industrial commission, and the same was disallowed for the reason that it was held that deceased did not come to his death from any injury received in the course of his employment. She now waxes the court to give her a damaged judgment of \$5,000.

Youngstown—The woman believed to be guilty of having mailed poisoned cake to Mr. and Mrs. W. W. Sterrett, newlyweds, Philadelphia, which killed the groom, has been traced to this city. Postal inspectors are directing the search for the woman.

THE "MOTHER OF MEDICINE"

Isis, the Queen and afterwards the Goddess, was called the "Mother of Medicine." In ancient Egypt, centuries before Christ, women were skilled in medicine. They knew the great value of medicinal plants.

Hippocrates, the "Father of Medicine," many centuries later, knew less of the merit of vegetable drugs than did the women of ancient times. Lydia E. Pinkham, nearly fifty years ago, gave to women her Vegetable Compound, now known everywhere as Lydia E. Pinkham's Vegetable Compound. This is a woman's medicine for woman's ailments, prepared from medicinal plants.

"Where Did You Get
That Fur Coat?"

Thus the clash between mother and flapper daughter who gave her young heart to an old lover! The father had failed as business man and husband. The eldest daughter wooed a career. The mother was incidental—just a home-maker. With her house tumbling about her she brought order out of chaos. But not without sacrifice. She scaled every rung in the ladder of emotion and at the pinnacle of success she scored—Failure!

Hurry! Big Dental Offer at Dr. Stanton's Office

Here is a dental offer that is the most unique ever held in Salem. It is entirely up to every man, woman and child to make it a success. I have cut my price far below what "Stanton" dental work is worth, but if I can do the enormous business these prices warrant I will be well satisfied. So hurry, folks, if your teeth trouble you; don't wait—hurry to Dr. Stanton's office and have your work done.

Why don't you use these teeth?

Plates
\$9.85

Bridgework
\$3.95

Hurry to Dr. Stanton and grasp this wonderful plate offer. Every plate is made right in my own laboratory and only genuine "Stanton" quality is used in making them. Then, too, every plate is guaranteed to fit perfectly.

Stanton bridge work is made to replace one or more missing teeth. It is foolish for anyone to go about showing ugly decayed teeth when for a very small amount they can have the teeth replaced with guaranteed bridge work.
